

THE CENTRAL RECORD.

TWENTY SEVENTH YEAR.

LANCASTER, KY., THURSDAY AFTERNOON, MARCH 8, 1917.

NUMBER 40.

GOOD PLUMBING

Installed on Sanitation lines is what you want and need.

Save health of your family, it is a pleasure, cost no more than poor plumbing. Let us explain plans—we will save you money.

Conn Brothers.

LIVE AND LET LIVE FOLKS.

CHAPTER MEETING

The regular meeting of Chapter No. 56, will be the third Tuesday night, which is March 20th. Important work will be up at this meeting and every member is urged to be there. Don't forget.

A REMARKABLE TEST

A trial has been made in Austria to decide in how short a space of time living trees can be converted into newspapers. At Eisenach recently at 7:35 in the morning three trees were cut down; at 9:34 the wood, having been stripped of bark, cut up and converted into pulp, became paper and passed from the factory to the press, whence the first printed and folded copy was issued at 10 o'clock. So that in 145 minutes the trees had become newspapers.

BEAUTIFUL STORE

The store room of Davidson and Tomlinson has recently undergone some needed improvements and to-day it stands as one of the prettiest stores in the city. A new steel ceiling has been added, the entire interior being decorated with a handsome paper, modern electric light fixtures and the woodwork painted white, makes it an ideal room, where the popular proprietors are better prepared than ever before to serve the hungry public.

RELIABLE FIRM.

The advertisement of R. M. Arnold in this issue of the Record contains some interesting facts and we desire to call the attention of our readers to it. Mr. Arnold is an old Garrard county boy and his friends here are proud of the success he has made with the now famous Arnold buggies. He has recently opened up a garage in connection with his large buggy business and has the agency for the 1917 Chevrolet cars, having recently received a car load shipment of this popular car.

TURNER

Mr. James Turner, aged 77 years died at his home on Campbell street last Thursday night after a lingering illness of several months. His wife died about three months ago of pneumonia. Mr. Turner is survived by two sons, John and Joe Turner of this place, and one daughter, Mrs. Joe Pope, who lives on the Richmond pike. About twenty years ago Mr. Turner came to this county from Bell county and was considered quite wealthy. Interment took place in Lancaster Cemetery last Friday afternoon.

UNUSUAL SEASON

This has been an unusual winter in many sections of the country. In the west, particularly Kansas and Missouri, where, ordinarily, there is plenty of snow and rainfall, it is so dry that the roads are dusty and such crops as wheat and rye are suffering therefrom. Kentucky and Illinois, on the other hand, have had the reverse experience, more rain and snow having fallen in these sections than in many a day. The New England States have experienced the usual amount of cold, but in an intensified form, the thermometer, in some sections, going lower than was ever known.

VALUABLE BUILDING SOLD.

Thru The Thomas Real Estate Agency a sale of one of the most desirable mercantile buildings in Lancaster was negotiated when they disposed of for G. C. Walker, County Attorney, the Bateson building, to J. F. Holtzclaw. The consideration is a handsome sum, but considering the structure and location and the amount of revenue accruing from such property, it is justified. It is understood that the purchaser, J. F. Holtzclaw of the firm of J. F. Holtzclaw and Son, "Home Outfitters," whose increasing business has long since outgrown their present quarters, contemplate moving to this popular stand when satisfactory arrangements can be procured.

MORGAN.

Mrs. G. A. Morgan, aged 59 years, died at her home on the Fall Lick pike, at 10:30 Saturday night March 3rd, after a continued illness from catarrh of the head and throat for more than a year. Mrs. Morgan was born Sept. 10th 1857 in the state of North Carolina. She became a member of the Baptist church at the age of about 16 years and from that date until her death lived a most devoted christian life. For the past twelve years she has been one of the most faithful members of the Good Hope Baptist church. The funeral services were conducted at the home by Rev. A. C. Baird, after which the interment took place in the Lancaster cemetery. Mrs. Morgan is survived by her husband, G. A. Morgan, one daughter, Cleo, and four sons, John, Mack, Sam and Gilbert.

B. HARRIS TODD

Promoted By Southern Railroad

It is very gratifying to the friends of B. Harris Todd, up in these diggins, to learn of his deserved promotion from district passenger agent of the Southern Railway to division passenger agent. They are also glad that his headquarters will still be retained in Louisville where he is so active in that city's civic affairs as well as being so popular with the "fair sex" of that thriving metropolis.

Our hats are off to you, Mr. Todd and we are hoping that your recent promotion is only a stepping stone to the presidency of this popular road.

SALE OF WESTERN HORSES

Last Tuesday, A Success.

Although the heavy snow kept many from a distance from attending the sale of Western horses conducted by King and Elden at the sale barns of W. B. Burton last Tuesday, a large local crowd was present and from the bidding manifested, it seemed that they all wanted a horse.

The entire herd of twenty-three head were sold at prices ranging from \$50 to \$125, or an average of about \$90 a head. These horses were mostly all broken, in good flesh, plenty of weight and were just ready for the plow.

"SWINEBROAD, THE CREAM SELLER".

The Interior Journal in speaking of the remarkable growth of the Stanford Creamery, has the following to say about our friend and townsman, Hon. G. B. Swinebroad:

"G. B. Swinebroad, of Garrard, was the best patron of the Stanford Creamery in the month of January. That is, he sent more cream to it. He milks ten fine Jerseys and during the month mentioned sold \$134.17 worth of cream. Besides this, his family used milk and butter unsparingly and five calves and 15 shoats got a liberal supply of milk."

HEMP STATE

Kentucky is Practically Only Place That Seed Can Be Grown.

Kentucky practically has a monopoly of the hemp seed business. Prof. E. J. Kinney, of the Experiment Station, and a hemp expert, told the members of the Board of Commerce at the weekly Members' Council luncheon. Big money has been made by the growers of hemp in the last few years. Prof. Kinney said, several years ago, he declared, the farmers looked upon hemp as their most profitable product, but after the Civil War, Indian jute and sisal, or heniqueen from Yucatan, became a competitor of hemp and gradually reduced the demand for the Kentucky product. However, he said, the European war and other causes had put hemp back into its own, at a good price, which, it is anticipated, will last for an indefinite period. Even with hemp seed costing \$20 a bushel and land renting at \$20 an acre, growers are making good money. One Lincoln county farmer, he said, had made \$120, an acre gross. Northwestern farmers can grow the hemp but cannot produce the seed. It is estimated that next year there will be a market for at least 100,000 bushels of the seed at anywhere from \$10 to \$15 a bushel. Kentucky can grow most of this seed, he said, and a fine opportunity is offered the Kentucky farmers.

SMALL BAND OF SENATORS

Tie President's Hands And Imperil Nation

Twelve Senators, led by Senator La Follette and encouraged by Senator Stone, Democratic chairman of the Foreign Relations Committee, in a filibuster denounced by President Wilson's spokesman as the most reprehensible in the history of any civilized nation, defied the will of an overwhelming majority in Congress up to the last minute Sunday and denied to the President a law authorizing him to arm American merchant ships to meet the German submarine menace. To fix the responsibility before the country, seventy-six Senators, thirty Republicans and forty-six Democrats, signed a manifesto proclaiming to the world that they favored passage of the measure.

President Wilson that night informed the country, in a statement, that he is without power to arm merchant ships and take other steps to meet the German submarine menace, in the absence of authority from Congress and that he was mistaken when he said in his recent address that he could act only under broad constitutional authority. An extra session of Congress, the President says, is required to clothe him with authority, but that it is useless to call one while the Senate works under the present rules which permit a small minority to keep an overwhelming majority from acting.

MASS MEETING

Called To Endorse President's Stand.

A suggestion from one of our citizens and we think a very timely one, is that a mass meeting be called for next Saturday afternoon at 2 P. M. to pass suitable resolutions endorsing the stand of President Wilson on his position of armed neutrality and to further endorse our Senators and Congressmen who stood by him so faithfully.

This meeting is therefore called in accordance with the following which came to this office yesterday:

"Editor Central Record:
"I would suggest the propriety of a call through your paper upon the citizens of Garrard county, to meet in mass meeting, at the Court House, Saturday, March 10th, at 2 P. M. to pass suitable resolutions, sustaining the President in his armed neutrality position and to endorse our Senators and Congressmen in voting to sustain him and a condemnation of those Senators and Congressmen who have placed the nation in a cowardly and contemptible position."
Respt,
Citizen."

Wheat, Millet, and crushed Oyster shell for the chickens.
Hudson, Hughes & Farnau.

W. C. T. U.

The Union will meet at 2:30 Saturday. The topic is "Circulating Libraries". Mrs. Kauffman will have charge of the meeting.

The pipes burst in the kitchen. The water froze in the sink. And Betsy is writing her Budget With frozen fountain pen ink. The gas pipe burst at the office. The lights went out at home. And Betsy is writing her Budget Under a yellow candle's dome. If you would read my Budget You'll have to squint and strain: Betsy's fingers are frozen And there's icicles on her brain. P. S. This happened in March too.

WANTED AT ONCE.

Locust posts of the following dimensions:
12 posts, 12 in. diameter at small end, 5 to 6 ft long;
10 posts, 12 in. diameter at small end, 10 ft long;
20 posts, 10 in. diameter at small end, 9 feet long;
20 posts, 8 in. diameter at small end, 9 feet long.
All posts must be sound, if not already cut must be cut at once, before sap rises. Notify this office at once, stating price. 3-8-17.

Bargains in BUGGIES
THAT GIVE SATISFACTION

W. J. ROMANS, Lancaster, KY.

ANOTHER BREAKFAST BACON TALK

Braces a person up for the work of the day. Nothing else is so satisfying, nothing else supplies an equal amount of energy to "do things"

PROVIDING--- the Bacon is mild, sweet and nicely streaked with fat and lean.

Now you might think it was an easy matter to find such Bacon—BUT IT ISN'T. Most Bacons are too salty, or too fat or too lean, or too something or other. If you prefer something just right we can give it to you.

Our Bacon can be served to children as well as grown-ups. It can be enjoyed by the office worker as well as the outdoor laborer. Try an order.
